INDIAN IS CALM ON GALLOWS

Walks Quietly to Scaffold and Pays Debt for Woman's Murder

Edward Williams the Tallest Man Ever Executed in San Quentin

SAN QUENTIN, Nov. 29.—Sentence of death was executed today upon Edward Williams, a half-breed Indian, the tallest man ever hanged in the penitentiary here. He stood six feet seven.

Williams slept well last night, ate well today and walked to the scaffold with traditional Indian stolidity.

At promptly 10:50 o'clock the Indian climbed the steps to the scaffold, walking with perfect steadiness of gait, his great figure towering above that of Warden Hawley, who headed the procession of death.

Before the black cap was adjusted he gazed about the room, with a slight smile on his face, stoically repressing all signs of fear.

The trap was sprung an instant afterward. Williams' body did not sway after he dropped through the hole. The physicians had their stethoscopes at his heart immediately.

RAY BAKER TO WED, IS REPORT

Miss Marjorie Smylie, New York Society Girl, Said to Be Fiancee

Mother of Eastern Maid Is in Reno, Nevada, to Secure Divorce

Ray Baker, former resident of Oakland, brother of Attorney-General Cleveland Baker of Nevada, and formerly warden of the state penitentiary at Carson City, Nev., will it is said, soon become a Benedict. He is to marry, according to rumor, Miss Marjorie Smylie, a society girl of New York and a daughter of Mrs. Benjamin Griffin, the millionaire New York manufacturer.

Baker will thus be introduced into the ranks of New York's inner exclusive circle and will be transported, as it were, into millionaire row.

Mrs. Griffin is in Reno, Nev., seeking a divorce, as it is believed to be a violation of the strict etiquette of New York for a mother to announce her daughter's engagement while she is endeavoring to procure a divorce, the formal news of the happy affair will not be made known for some little time.

BETROTHAL WHISPERED.

However, Baker is said to have whispered quietly the secret to a number of his intimates and Miss Smylie is said to have been equally communicative to her chums.

Recently Mrs. Griffin made a hurried trip from Reno for a week-end. San Francisco. Baker was with

AUTO CRASH CAUSES DEATH

Ninth Fatality Occurs in Series of Vernon Resort Motor Accidents

Realty Man Killed in One Mishap; Woman Hurt in Another

LOS ANGELES, Nov. 29.—The ninth death in three months as the result of automobile accidents to persons who had passed the early hours at a resort in Vernon occurred today when a motor car returning from that place ran into a Pacific Electric freight car.

The automobile was occupied by Ralph Whitehouse, a realty dealer, who was killed; Warren McIntyre, also a real estate operator, who was seriously injured, and Fred Frankel, the latter chauffeur, who was slightly hurt. McIntyre was driving the car at the time of the accident. Theorman stopped the freight and tried to signal the automobilist, but they failed to notice and crashed head-on into the electric.

VICTIM MAY DIE.

LONG BEACH, Nov. 29.—Mrs. Rena Glenn, daughter of Dr. M. B. Huff of this city, was probably fatally injured and several other persons seriously hurt last night when the automobile driven by Huff collided on the Long Beach boulevard with a car that had been stopped on the wrong side of the road by its driver, M. F. Bulkeley, an automobile agent of Los Angeles.

All of the injured were members of Dr. Huff's family and were returning home from Thanksgiving dinner at the home of relatives in Los Angeles.

After striking the Bulkeley machine Dr. Huff's car turned over and rolled into the ditch.

Refuses to Do More Than Inquire Into the Existing Agreements

Woodrow Wilson Will Have Heritage of Trouble Awaiting Him

WASHINGTON, Nov. 29.—President Taft's administration, it was made known today, does not intend to make any agreement or enter into a modus vivendi to supplant the treaty with Russia, which expires January 1. The question of a new treaty and the subject of the treatment of American Jews traveling in Russia, which raised a storm all over the United States last spring, will be one of the heritages that President Taft will leave to Woodrow Wilson, according to a letter from the President to Simon Wolfe, Washington representative of the United Hebrew Congregations and the order of B'nai B'rith, made public today.

President Taft's letter to Wolfe read as follows:

"I have your letter of November 22, in which you refer to the report that we are engaged in making a temporary agreement with Russia to take the place of the agreement which we have abrogated. I beg to assure you that we expect to make no agreement of this kind or of any kind."

"What we have been doing is examining the existing treaties and

GERMANY IS READY FOR CONFLICT

Kaiser's Minister of War Says Everything 'Necessary Has Been Done'

King Peter Is Preparing for Struggle With Emperor Franz Josef

LONDON, Nov. 29.—Diplomats here said today that Servia fears Austria-Hungary will not wait for the whole questions of the Balkans to be considered by a conference of the European powers after the cessation of hostilities. According to Vienna reports she is mobilizing her army on the Austrian frontier for the protection of her territory. Although a warlike feeling prevails in Vienna and St. Petersburg, the rulers and ministers of Russia and Austria-Hungary continue working to avert a conflict.

The suggestion has been thrown out in one diplomatic quarter that the matter would be quickly settled if Servia were given the port of San Giovani di Modra on the same terms as those which Montenegro held Antivari until 1908. Those conditions were that no forts should be erected and no Montenegrin warships should be stationed there and no foreign warships should be admitted to the port.

Neither Servia nor Austria-Hungary has expressed an opinion on this point.

SERBS THREATEN AUSTRIA.

VIENNA, Nov. 29.—The assertion that Servia is mobilizing against Austria-Hungary is made today, by the Reichspost. The entrenched positions near the town of Semendria, on the Danube, have been occupied already by Servian troops of the Danube division.

The Servian recruits belonging to the contingents due to be called up in 1913 and 1914 have been called out, by the Servian war office and Christian prisoners among Turkish troops captured and being induced to serve in the Servian army.

The weapons captured from the Turks are being hurriedly repaired in the great Servian arsenal at Kraguyatz, where also ammunition is being made in large quantities.

Cattle and cereals are being requisitioned by the Servian war office and taken to Nish, while the Reichspost says, will be formed into a Servian Tchatalja, or last line of defense. The garrison of the entrenched camp there is being rapidly raised to 120,000 men.

The recent visits exchanged between Count von Berchtold, the Austro-Hungarian foreign minister, and the Egyptian prince, Ahmed Fuad, who was an Albanian by descent, are re-

Warlike Preparations Are Begun in Norway

Enormous Importation of Coal by Military Authorities Reported.

CHICAGO, Nov. 29.—A dispatch today to the Chicago Daily News from Christians, Norway, says:

"Warlike preparations are still going on in Norway. The importation of coal during the last month, both by the military authorities and private firms, has been enormous. Orders for the importation of the mineral, which is the chief source of the kingdom's revenue, have been in readiness to be issued at a moment's notice. The army has been supplied with arms for about a year, and large quantities of provisions have been stored everywhere.

The Association of American Advertising Agencies has condemned as "un-American" and "unpatriotic" the circumstances of this publication. The figures of circulation mentioned in the Association's report only are guaranteed.

carded by the Zeit as indications that the prince is a serious candidate for the Albanian throne.

Demonstration Stopped.

ST. PETERSBURG, Nov. 29.—An attempt made by a body of Bulgarians to organize a demonstration outside the Austrian-Hungarian embassy in St. Petersburg today, was frustrated by the authorities.

The Austrian-German reservists residing in the Balkan provinces have been summoned to return to their homes in Austria and Hungary, according to a dispatch from Vienna to the Reute. The German reservists based in those provinces number 1000 and these also have been warned to hold themselves in readiness to be called out to join their regiments at any moment.

The Austrian and German consulates at Skopje are guarded by strong forces of police.

An enthusiastic scene was also witnessed last evening in the Imperial Mariinsky theater during a performance given in behalf of the Servians and Bulgarians at which most of the Russian nobility, including the premier, were present. When the national anthems of Bulgaria and Serbia were played by the orchestra, the audience rose and cheered to the echo.

GERMANY READY.

BERLIN, Nov. 29.—The German minister for war, Josias Von Heringen, said today in the imperial parliament:

"I can give the positive assurance that everything necessary for the eventuality of war has been done."

He made this statement in answering an inquiry as to whether the 114 now existing gun companies provided for in the law of 1912 could be organized without delay.

DURAZZO OCCUPIED.

LONDON, Nov. 29.—"We have now occupied Durazzo for perpetuity," is the telegram which General Jankovitch, the Serbian commander, has sent to the Belgrade government. The fact that the Bulgarian government has made public the telegram, says the Vienna correspondent of the Daily Telegraph, is regarded as proving Serbia's irreconcilable attitude.

NO RESISTANCE IS OFFERED.

VIENNA, Nov. 29.—Durazzo, the Albanian Adriatic port, was taken yesterday by Serbian troops. No resistance was offered. The Austrian-Lloyd steamer Graf Wurmbraund, which has been in the port of Durazzo for several weeks, left immediately, crowded with refugees.

The effect of this move on the part of the Servians will be watched with the greatest anxiety. Durazzo being the port which Serbia has declared she will keep at any cost, and which Austria has announced must not be held by Serbia.

The independence of Albania, which was proclaimed yesterday, was ignored by Serbia.

On top of this firebrand comes the alarming news that Austria has decided to mobilize the entire army to be prepared for any contingency of the crisis. This will put 387,000 soldiers on a state of mobilization, with 1,413,000 reserves ready to be called at a moment's notice. Vienna is wildly excited at the martial developments and the war feeling here runs high.

The Austrian premier further announced officially that the Reichsrath would be requested to pass three measures, all of them designed to facilitate prosecution of war, should war result from the present crisis.

One of these measures provides for the financial care of the families of all reservists called to the colors. The second provides cavalry and artillery with horses.

International Business Totals \$35,000,000,000

Official Returns of Exports and Imports From All Countries.

WASHINGTON, Nov. 29.—In the present year the world's international business will reach the enormous total of \$35,000,000,000, according to a report issued today by the Bureau of Foreign and Domestic Commerce. The estimate is made on official returns of exports and imports from virtually every commercial country in the world. Much credit is given to reported a greater exchange of commodities than ever before has been known. The new figures will establish a record.

NEW LIGHTS TO BE PLACED ON EAST 14TH

As a step in carrying out the plan to light East Fourteenth street with electric lights or gasolines from Central Oakland to the city limits beyond 16th avenue, the city council authorized the placing of 44 gasolines between Eighty-second and Ninety-eighth avenues. This action was taken on the advice of Commissioner of Public Health and Safety Fred C. Turner.

Turner explained to the council that the addition of these gasolines would double the cost of lighting this section of the fourteenth street, but stated that as East Fourteenth street is destined to become one of the big boulevards of the city most in use, he hoped in time to have it well lighted from end to end.

BOY BITTEN BY DOG.
Attacked by a savage fox terrier this morning, Carl Safrin, 7 years old, was severely bitten upon his left thigh before members of his family drove the animal away. The lad lives at 528 Bush street. He was treated at the receiving hospital.

LATHAM FOUNTAIN ARRIVES IN CITY

Granite Hauled to Gore and the Work of Erection Will Soon Begin.

The beautiful Latham fountain to be erected at the Telegraph avenue and Broadway site at Fifteenth street to replace the lofty flagstaff removed yesterday, arrived from the Gorham Company's yards in New York in Oakland this morning. The fountain is of great beauty and is all ready to be set in place.

Major Frank K. Mott had the granite hauled from the Sixteenth street depot to the gore and has asked the street department to prepare specifications for the concrete base. It is anticipated that work will be commenced on the base and foundation early next week.

The bronze was removed to the corporation yards, where it will be housed until the granite has been set in place. The fountain was designed by a famous French sculptor and is of a most beautiful design.

The fountain, which has been donated to the city under the auspices of the local branch of the Society for Prevention of Cruelty to Animals, is a gift from Miss Edith Latham and Milton Latham, formerly of this city, whose parents were pioneers of Oakland and whose uncle was a state senator. Latham and his sister have asked that the fountain may be dedicated to their parents.

Following recent developments in European art, the fountain will have a feature large bronzes used which will carry pots containing plants, which will be changed with the seasons. The bowl of the fountain will be of granite, surmounted by a column bearing a medallion and bronze garlands and a bear's head on its sides and carrying two lions supporting a basin.

Places for horses and dogs to drink will be provided.

FINED FOR FIGHTING ON A STREET CAR

ALAMEDA, Nov. 29.—Horace Reeves pleaded guilty this morning in the police court to a charge of assaulting the peace and was sentenced to ten days in the city prison.

White, King, who picked a fight on a street car yesterday with W. J. Adams, 30, and his son, Wm. J. Adams, 16, in the 12th Street car, admitted the charge, showing he merely reacted in self-defense.

FEARED COCHRANE HAD A REVOLVER

Lawyer Asks Court to Have Opposing Attorney Searched for Weapon.

When Attorney James W. Cochrane appeared in the Superior Court this afternoon to defend himself in respect to a charge preferred against him in an affidavit filed last week by Mrs. Mary F. Wilson as the result of the Wall divorce proceedings, Attorney J. L. McVey, representative of James Harris, Warden and Vails, sitting on bench, that Cochrane be searched for a revolver.

McVey stated to the court that he had reason to believe that Cochrane was armed with a pistol when he came to the office. He is also to day of that if his personal effects were dragged through the Wall case no one would be able to get hurt.

The court accepted Cochrane's contention that he was unarmed, but concluded Attorney McVey for reporting the affiant.

More than thirty character witnesses were present in court to testify as to the virtue and truthfulness of Mrs. Wilson, who had filed the affidavit. The first three witnesses on the stand said that Mrs. Wilson was a bad reputation.

M. Noddy, 17, of 11th Street, San Fran-

cisco, was to be seen in the court yard.

The walls are in court over an affiant, M. Noddy, with the usual "Rocky" song. W. E. Wilson's defense did not succeed that he may soon custody of the children.

GIRLS IDENTIFY TWO SUSPECTS

Point Out Accused Dynamiters as Men They Saw Carrying Box.

INDIANAPOLIS, Nov. 29.—As the youngest witness yet to testify, Miss Cleo Beard, 14 years old, picked out from the 45 defendants at the dynamite conspiracy trial today two men whom she said she saw shortly before an explosion at North Randall, Ohio, on March 25, 1911. In that explosion an ore conveyor was blown up by nitro-glycerine, with \$5000 damage.

The little witness, garbed in a pink dress, climbed the high witness chair and, looking toward the accused "pomo pooties," told her story. She said, with her sister, she was going along a lonely road toward her home, North Randall.

"It was just before dark," she said. "On the road we met two men who were carrying a box between them. The men were coming toward North Randall from the direction of Cleveland. One of them had a funny face."

"A funny face?" asked District Attorney Miller. "Do you see him in the courtroom?"

"Yes; that's him," replied Miss Beard, pointing to George Anderson, Cleveland, a defendant.

"He's the one that carried the box. And there's another one," she added, pointing to Peter J. Smith of Cleveland. "We had not been home more than an hour when the explosion, a mile away, knocked the dishes off the table."

Laura Beard, 18 years, also identified the men.

Anderson and Smith, iron workers, are accused by the government with having blown up the North Randall job because it was erected "on the open shop" basis.

The box which the sisters testified they saw in the hands of Smith and Anderson was produced in court, and was identified by other witnesses as having been found in the wreckage of the explosion.

During his management of Carson penitentiary Baker achieved fame by reason of his honor system, but later, after the close friendship between the Baker family and Governor Tasker L. Odie cooled, he resigned his post. Attorney-General Cleve Baker is a son-in-law of United States Senator Perkins.

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP; 25-CENT 'DANDERINE'

Save Your Hair! Danderine Destroys Dandruff and Stops the Falling Hair at Once; Grows Hair, We Prove It.

If you care for heavy hair, that glistens with beauty and is radiating with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scour robe the hair of its lustre, its strength and its life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fester, waste and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggly or too oily, don't hesitate, but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25 cent bottle will truly amaze you.

BASKETBALL PLAYER IS KILLED IN FALL

SAN JOSE, Nov. 29.—Douglas Spires, a student of the Washburn Private school, was instantly killed at 8:30 o'clock last night when he fell on the floor of the indoor basketball court at the Infantry club's armory on South Market street during a game between the Washburn team and the five of Company M, First Infantry.

Spires fell at a time when the nearest other player was at least a yard away, he struck on the back of his head and death was instantaneous. A large crowd was in attendance watching the game, but did not realize at first that a tragedy had occurred. The victim

a son of T. D. Spires, a wealthy chordist, and was 18 years of age.

YOUTH'S CONFESS HOLD-UP.

FRESNO, Nov. 29.—George Hall, aged 15, of San Mateo, and James Goufey, aged 19, of Bellville, Ill., were arrested here yesterday on suspicion of having robbed L. N. Cobb, an aged man, of his purse. The youths made a complete confession to the chief of police. They admitted working the "strong arm" on the aged man. Their plan will likely be handled in the Juvenile Court. The youths in their excitement to get away from the scene of the robbery dropped Cobb's wallet, which contained \$300. They kept the purse with

FORMER FOOTBALL STAR HAS NARROW ESCAPE

OROVILLE, Nov. 29.—While speeding his auto at a rate close to forty-five miles an hour on the road from this city to his home, five miles north of town, Ralph Butler, formerly captain of the varsity football team at the University of California, and also a baseball star, leaped to his feet when the steering wheel broke and the machine plowed into a high bank. The car was completely wrecked, and was a candidate for the scrap heap after the collision.

Butler slid along the road just like he used to make a flying tackle or slide a base, and aside from a few scratches, where his hands were cut by pebbles in the road, he was unharmed.

When fined \$25 and costs his father refused to go to his rescue. Young Hoops was much downcast when informed he must serve a sentence in the city prison, but before his term expired he became so attached to the place he remained there several weeks.

"I'm turning over a new leaf," he said. "Back to the simple life for me. No more late hours, wine suppers or the gay life."

Medical Director Charles T. Hibbert, November 20.

During 1913 there will be no retirements for age from among pay officers, chaplains, naval constructors, or officers of the marine corps. The retirement of officers that are carried as additional numbers in their respective grades will not create vacancies to which promotions from the lower grades will be made.

AMERICA'S PEACE IS SUNG AT MASS

Cardinal Gibbons the Central Figure at Services for President Taft.

WASHINGTON, Nov. 29.—In the presence of President Taft, eight members of his cabinet, most of the members of the United States Supreme Court, State Representatives of all the twenty-one republics of the Western Hemisphere, and a number of the rotary clubs of California, whose ball he attended on Thanksgiving eve, died yesterday in his

mass yesterday to commemorate Pan-American unity.

The mass held in St. Patrick's Catholic church was remarkable for the presence of practically all official Washington. The big church was crowded to the doors long before time for opening the ceremony.

With Cardinal Gibbons occupying a seat on the right of the altar, the Rev. James A. Burns, his secretary, and his son, the Rev. James Gibbons, his grandsons, the cardinal was accompanied by the very Rev. Jas. A. Burns and the Rev. John T. Wheeler as chaplains. His train was carried by pages dressed in rich red velvet.

President Taft was met at the door and escorted to his seat at the front of the church and attended while there by a white-robed messenger of peace, the Rev. Smyth, an assistant at St. Patrick's.

The sanctuary was lighted by hundreds of candles and the music was of unusual quality, a feature being "The Pan-American March," which was played as a recessional by the organ and orchestra. It included portions of the national airs of the various republics.

After the services the pillars of the church were wreathed in United States flags and the dark blue and white of the Pan-American Union.

The most Rev. Jas. J. Keane, Archbishop of Boston, delivered a sermon, choosing for his text the need of international peace and quoting from the Scripture's reference to the benefit of amity between nations.

Cardinal Gibbons did not speak but sat by the side of Mrs. Taft, who was present for the consecration of the president of all the nations represented.

At the close of the mass the President was saluted by Mrs. Taft and Secretary Hayes went to the Altar of the Pan-American Union.

Both of them paid tribute to the Rev. Mr. Pierce, chaplain of the Senate.

WESTERFIELD TO FIGHT IN COURT

The Former Senator Wants No More to Do With Family.

Declaring that he did not want to have anything more to do with his family and that he desired to be left to his own devices, Senator William J. Westerfield, former State senator and a native of Nevada, has agreed that he will resign the position of his seat, Mrs. Clara J. Clark, who desires to be appointed his guardian.

In a petition filed in the supreme court yesterday, Mrs. Clark alleged that a bill introduced by Mr. Benjamin C. Thompson, of San Francisco, and that places no limit on the amount of money which she may spend on the family, was estimated at many thousands of dollars.

According to H. T. Creswell of San Francisco, a close friend of Westerfield, the aged man, who is past 50 years, is at present both in mind and body, and capable of handling his affairs to his own satisfaction.

"Westerfield told me that he had given Mrs. Benjamin his homeestead in Nevada which is worth about \$100,000. He said that he had made it well for the other members of his family and that for the rest of his life he wanted to do as he pleased. I first met 'Billie' in 1917 when we were both members of the state legislature. We have been close friends ever since and the action that has been brought against him is an absurdity. He is indignant over the papers that have been filed."

With Miss Benjamin's brother, Westerfield lives at 1001 East Telegraph place at 1001 East Telegraph Avenue, San Leandro. The home is one of the old estates of Alameda county and has beautiful grounds surrounding. Miss Benjamin has refused to state her side of the matter, announcing that she would do so when the proper time came in court.

Mrs. Clark alleged in her petition that Miss Benjamin had practically kidnapped Westerfield from Los Angeles a year ago and brought him to Oakland, later disappearing and locating in San Leandro, where she later discovered him.

\$140,000 IN BONDS FOUND IN DUMPS

Laborers Make Valuable Find and Receive \$1000 as Reward.

KANSAS CITY, Nov. 2.—Bonds having a face value of \$140,000, together with checks and a small amount of coupons that disappeared here last Friday when two registered mail sacks were stolen while en route from the postoffice to the railway station here, were found today in the city dump by three laborers.

The bonds were Waco City, Texas, paper, which at the time they disappeared from a mail trolley car en route to the railway station, were being shipped by the Commerce Trust Company of this city to the Guaranty Trust Company of New York City. They were an insurance bond, which was paid two weeks after the disappearance. Police and federal officials could find no clew as to what had become of the paper, and the insurance company offered \$1000 reward for its return.

These workmen, who live in shacks on the city dump, will divide the thousand dollars between them. While digging up sand last night to throw upon a weed fire that threatened their homes, they came upon the first of the sacks. They carried it to the federal authorities. Officials set about digging for the other sack today, and uncovered it within a few yards of where the first was found. The yards of where the first was found. The bonds were in good condition. Jewelry valued at \$600 and several dollars currency and a number of small checks payable to bearer were missing from the sack dug up. It was routed for Omaha, Neb., and Ogden, Utah.

SOCER PLAYER IS IN HOSPITAL

Has Serious Collision With Another Collegian in Football Contest.

PALO ALTO, Nov. 29.—Suffering great pain from a broken jaw, Frank H. Hilton, a Stanford student in Stanford University, played yesterday through the greater portion of the second game of the inter-collegiate soccer series between the teams of the University of California and Stanford University and would not leave the field until he was forced to go by the trainer and coach. He is in a local hospital today receiving the attention of surgeons.

Hilton was injured early in the second half of the game in a collision with a Cal player. At the instant the impact is the two heads come together with such force that the Cal player gives a sharp cry of distress. Twenty minutes later the injury was noticed, but the player refused to leave his position on the team when ordered out of the playing. The removal from the game was necessary to send him to the side lines. Hilton formerly lived in San Diego.

POLICE ARE ASKED TO SEEK MISSING HEIRS

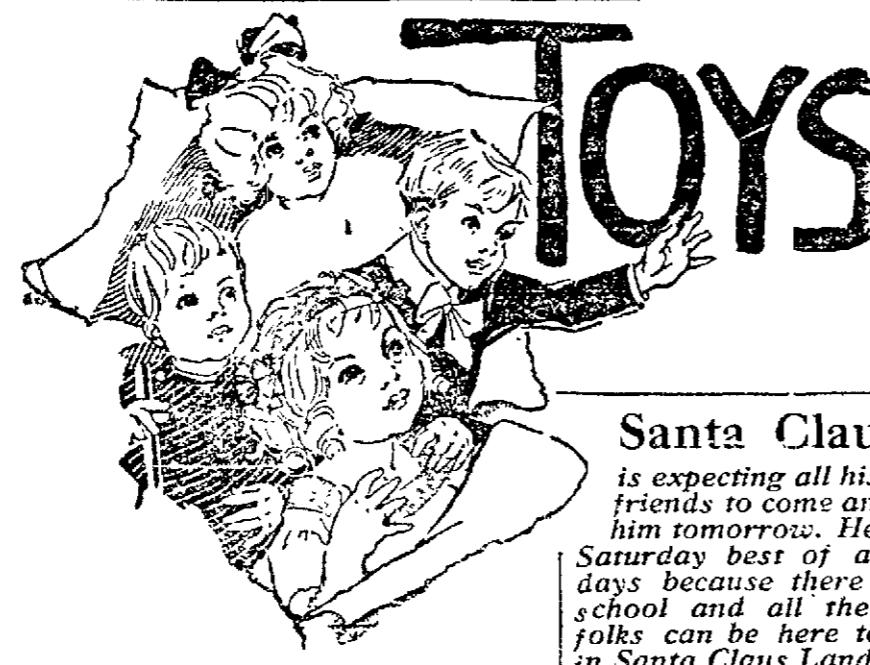

The police of Oakland were today asked to aid in the search for Mrs. John Seckler, formerly Mrs. Effie V. Meredith of Berkeley, and for Bert E. Merle, who is believed to be an ancestor of Illinois Dr. J. T. Meredith of Cedarville, Ill., who is an uncle of the two heirs, who has asked the police to assist in finding them.

COMES WEST TO MARRY ORDNANCE SERGEANT

A pretty wedding took place at St. Augustine's Church Thanksgiving morning when Harriet Elizabeth, second daughter of Mr. and Mrs. William Jahant of 1122 Henry avenue, Canton, Ohio, was united in marriage to Ordnance Sergeant George A. Jahant, United States Army, son of Mrs. Mary Jahant, 703 Union street, Canton, Ohio. Rev. Father B. M. Murphy officiated at the nuptials. The bride and groom were attended by Mr. and Mrs. William H. Jahant, 5528 Manila avenue, Oakland, whose guest Miss Mary Jahant has been since her arrival on the coast.

The wedding was to have occurred at Canton, Ohio, but the groom was recently promoted from first sergeant of Company B, Seventh Infantry, to ordnance sergeant and ordered to Fort McDowell. The couple received many presents. Jahant's old company presented them with a silver set. After a wedding breakfast, at which Mrs. William Jahant was hostess, they left for Angel Island, where they will make their future home.

TRAVEL TO SOUTH HEAVY ON SEAS

Few Northbound Travelers Leave This Port. According to Shipping Men.

According to local shipping representatives, northward bound passenger traffic from this port is unusually light. Southbound travel, however, is heavy, and shipping interests on this service are reaping a golden harvest from this source. The local office of the Independent Steamship Company today declared that while southbound runs are all booked in, many instances in advance, runs from the south to this port are light.

The steamer Hanalei of the Independent Line completed loading freight at Long Wharf today and shifted across to the San Francisco side, where passengers were packed up, and the vessel sailed at 7 p.m. this afternoon for San Pedro. Every cabin was taken, and accommodations have been reserved for the vessel's next run south.

These same conditions prevail with the Pacific Coast and Alaska Steamship Companies. It is believed here that with the active beginning of the season the world fair night at San Francisco the travel will increase considerably.

Locating the remains of Peter Larsen, a sailor, on the schooner Oakland, the steam schooner Hopper arrived here this morning from Coos Bay. Larsen took sick while at sea and was removed from the Oakland to the Homer. He was being rushed here for medical aid when he succumbed. Larsen was 48 years of age and a native of Denmark. Pneumonia is given as the cause for his demise. The body will be interred on the San Francisco side.

The Homer, Captain Wall, is at the Hogan Lumber Company's wharf, discharging a lumber cargo.

PLAN DIRECT LINE.

The Mexican steamer General X. Pesquera worked out from Long Wharf yesterday and sailed for Guaymas. A rumor is current on the local front that the Pesquera's owners are making arrangements to establish a direct line between Oakland Long Wharf and South American ports.

This rumor has been strengthened by the fact that representatives of the company have been looking over the ground here, and it is expected that the Mexican will be running here within the next month. The Pesquera sailed in charge of Captain Miranda.

Vessels at Long Wharf today included the steam schooners National City, Chehalis, Ravalil and Del Norte. In the inner harbor the Fomo and Albion are discharging.

SEEK RECALL OF MAYOR ALEXANDER

Movement in Los Angeles the Outcome of Guy Eddie Case.

ALAMEDA, Nov. 29.—Declaring that he had signed a petition under a mistaken idea, George Plummer has addressed a letter to the city clerk, asking that his name be stricken from the petition to have all electric wires in Alameda placed underground. S. E. Biddle Jr. of the Citizens' Bank, and F. N. Delaney, announced candidates for mayor, also saying they signed the petition without realizing its true intent and wide-reaching purpose.

The petition was prepared by George H. Meek and asks the city council to submit to the voters next spring the proposition of burying all electric wires.

Many signers believed this petition applied to future wires laid in this city. It now appears that the present wire lines are also affected, and one effect would be the necessity of bonding the city of Alameda for an immense sum, roughly estimated at \$1,000,000, to bury the present municipal wires.

Should it be necessary to expend this amount, a special tax rate would have to be voted, or the regular rate raised to \$7 or \$8. There is a question whether the unclassified signers can be allowed to withdraw their names. A more probable solution would be the throwing out of the entire petition, which was filed with the city clerk two weeks ago.

The head of the recall movement is Fred M. C. Cheote, former assistant city prosecutor, who was dismissed from office at the order of the mayor on account of his connection with the secret arrest of Fred Lloyd, who is a witness against Eddie.

Cheote was associated in the Lloyd case with George Baker Anderson, who was ousted at the same time from the office of secretary to the mayor.

The recall movement started today with an advertisement in the morning papers for 100 men and women to circulate recall petitions, and when the offices of the recall organization, known as the Citizens' Good Government Alliance, were opened, it was besieged by an army of applicants, who wanted to procure names to the petition at so much per name.

Cheote refused to say who was financing the movement to oust the mayor. Mayor Alexander laughed when he was asked what he thought of the proposition.

Cheote was one of the last witnesses before the grand jury, which completed several days ago its investigation of the allegations that the arrest of Lloyd was a move to discredit the case against Eddie, who has been suspended from office. A report which is expected to contain one or more indictments will be rendered by the grand jury probably next Wednesday.

SEES HARSHIP IN AUTO ORDINANCE

Councilman Turner Declares Extra Patrolmen Will Be Needed.

Declaring that the proposed ordinance creating a district in which automobiles will not be allowed to stand in business section of the city would entail the employment of six additional patrolmen for adequate enforcement, Commissioner of Public Health and Safety Fred C. Turner raised objection this morning to the proposed law being given its second reading. The ordinance had been prepared by Commissioner of Streets W. J. Clegg.

"It would be almost impossible to enforce this ordinance as it stands," said Turner. "It is too complicated and it would entail considerable hardship. There may be need for such a law, but the district should be smaller than is here set forth and should be easier to define."

Bureau's ordinance prohibited the standing of automobiles at the curbs in Broadwater in certain blocks between Eighth and Fifteenth streets and on certain streets crossing Broadwater in the business section. The ordinance was referred to Turner by the council's solar committee, and requested that with the aid of Chief of Police Walter J. Peterson it should be amended.

River as Water Source for San Francisco Receives Discussion.

With a dozen of the most sensational motorcycle riders in the country already entered and on the ground, Sunday's opening championship races on the Emeryville racetrack gives promise of having a most auspicious start.

This harmless preparation will distract anything you eat and overcome a sour, gassy or out-of-order stomach minutes afterwards.

If your meals don't comfortably, or what you eat feel like a lump of lead in your stomach, or if you have heartburn or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will go away, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

OAKLAND TRIBUNE EDITORIAL PAGE

M. C. CHAPMAN
President

The Strabismus of a Statesman.

Hon. Julius Kahn seems to have caught the spirit that has come lately to prevail in San Francisco where Oakland is concerned. His broad-mindedness is illustrated by an article he wrote for the November number of the National Waterways Magazine. All that he says about San Francisco and the other ports on the Pacific Coast meets with the hearty approval of THE TRIBUNE—his only fault is a glaring omission which indicates studied design.

Mr. Kahn lauded San Francisco as the great marine emporium of the Pacific, a port of call and market, and then proceeded to denounce all the port facilities being exerted at the other cities on the Pacific seaboard. He seemed them all with a single exception—San Diego, Los Angeles, Seattle and Vancouver. But he forgot Oakland. His inaccuracy plagued him later when he loaned money to the city and saw the improvements Oakland is making on her waterfront.

If Mr. Kahn were the sole trumpeter of her fame Oakland would never be heard of. The spite of the millions the State of California is spending on the waterfront of San Francisco, but not a word about the millions the citizens of Oakland are spending to develop their waterfront. He did not mention the city of Oakland nor say a word about the port facilities being developed in this city. Perhaps he has not heard of them.

It is the San Francisco way. From deriding Oakland's port aspirations our San Francisco neighbors have taken to ignoring them whenever it is possible to ignore them. Some of the San Francisco papers persistently represent Oakland as a part of San Francisco and by petty tergiversation in their news columns attempt to belittle the growth and importance of this town.

But Oakland will show them. She is building the best system of port terminals on the Pacific Coast, and when completed she will be prepared to compete on the most advantageous terms for the sea trade of the Pacific. Mr. Kahn to the contrary notwithstanding.

It is as certain as anything can be that Woodrow Wilson is not taking the press correspondents into confidence, nevertheless some of them continue to reveal his plans. They are indulging in mere speculation, of course, but unfortunately they are giving out their speculations as actual facts, not as surmises. Every President-elect suffers from the same sort of questionable newspaper enterprise, and as lying is not unlawful Wilson's successors will probably be required to go through the same experience that his predecessors have passed through.

Suggestion to Fire Department.

A municipal fire department, like an army and navy, has two purposes. The incidental use of an army and navy is that of fighting. Its main purpose is that of show and display, that the enemy be awed into discretion.

With a fire department, the incidental aim is that of fighting fires, while the main intent is that of inducing the board of fire underwriters to quote approximately reasonable rates of insurance. A wise municipality holds both aims in view, as a low rate of insurance is as great an asset as a low tax rate.

Oakland has looked to making its fire department an efficient fire fighting machine by spending large sums of money on equipment, and by placing the fire houses on a full company basis. The fire chief has looked to the ornamental end by seeing that the equipment was pretty as well as efficient.

But there has been some criticism of late of the somewhat excessive display of the fire department. Merchants and business men of Broadway have made the complaint, and it would seem to be just one.

Broadway is the most crowded thoroughfare of the city. For a parade it is unexcelled. There are more people and more vehicles and more street cars on Broadway at any time, day or night, than on any other street. That makes it a good display street.

It is perhaps significant that whenever there is a fire in the business district of Oakland, if there is any possible way of using Broadway as part of the route from the fire house to the fire, Broadway is made use of. It makes a beautiful spectacle to see the auto-fire engines and chemicals thundering down Broadway, with vehicles drawn to one side, and pedestrians scurrying for cover. And the fire department, with Clay or Franklin streets just as available, seems invariably to choose Broadway.

This is a pretty spectacle. But it would seem that it is not sound judgment when it comes to safeguarding the lives of the people in the streets. Jangling bells and ringing gongs and the thunder of hoofs may be exciting, but they are not sufficient protection on a crowded thoroughfare when fire apparatus is crashing past at breakneck speed. Public safety is being sacrificed unnecessarily to public display.

The suggestion of the Broadway merchants that there are other routes that can be taken with equal facility and much greater safety should be heeded by the fire chief, and an order issued to his men that they should be not only "pretty for looks, but pretty for wear."

"Mr. Bryan sees prosperity with Wilson at the helm," says a New York paper. Mr. Bryan believes that prosperity begins at home. He also thinks Wilson has something good on tap for him.

Judgment by Default.

The aggregate vote cast at the recent Presidential election was below all ante-election estimates, some of which ran as high as 18,000,000 and none of which fell below 15,000,000. Several millions of voters did not take the trouble to go to the polls.

Why?

Was it because American voters are growing indifferent to the welfare of their country or are losing their sense of responsibility as citizens? Or is the abstention from voting to be ascribed to a general dissatisfaction with the candidate and programs presented by the several parties?

The latter seems to be the most reasonable explanation of the smallness of the vote. The unrest appearing on the surface was superficial; it did not reach to the heart and the conscience of the nation. The people had to be stirred by appeals obviously addressed to sentimentality, ignorance, prejudice and credulity. The national heart was not moved to any extent. The great deep of patriotic national impulse was untouched.

Hence the fact of less than one-third the voters has transferred the control of the government from one party to another

and has reversed the policy under which the country has been prosperously ruled for the last sixteen years. Intestinal quarrels in the dominant and majority party prompted a vast number of thoughtful men to conclude that the discipline of defeat would be the best cure for the disorders within the Republican party. That there was no great primal and central issue is shown, not merely by the abstention from voting, but by the failure of the voters to concentrate. They broke into divisions and fragments and the biggest division won. But it is a victory that represents negative assent rather than affirmative consent. The Democrats are on probation. They will be judged four years hence by their performance, not platform and pre-election pledges.

Because the Republican party was not united and coherent, but discordant and at sixes-and-sevens with itself, the electorate has allowed a judgment by default entered against it. But this was done not so much because of a belief that the Democrats would do better, but more in the hope of bringing the Republican party back to a sense of its duty and responsibility.

AMERICAN GIRL'S EXPANSION

The manager of a department store in Washington has lately made a discovery—and proclaimed it—which must tend to soften the anguish of the manufacturers of ladies' hose. He estimates that the increase in the size of the patterns for stockings for American girls this season will be great enough to bring in \$200,000 more in money to the manufacturers. Commenting on this piece of news, Mrs. A. A. Birney, president of the local organization of the Mothers' Congress, declared that the extra expense will be for the good of the race. Six inches added to the feet and legs of our girls, in Washington and New York, particularly, are growing bigger and better, and that the reproach of excessive slenderness is fast passing. Says she:

"Bigger feet and stronger, harder limbs and muscles are at last coming to our girls. Such strong, athletic girls speak well for the future of the race. New York is making the same sort of progress. I wish other parts of the country were blessed with such girls as Washington and New York has."

This is great news, high news, news to lift up the heart and encourage the mind to believe that we shall all be happy yet. Yet, if the lower continuations are found to be helping out the stocking manufacturers at such a substantial rate of betterment, we may not doubt that the lately adopted hip curves will reappear. It is now fully three years since the ladies shed their hips, one fatal season, and never resumed wearing them, greatly to the distress of the manufacturer.

Glen H. Curtiss, who probably can be procuring the Wrights in the aeroplane field, confidently expects that the time will soon come when these vehicles will travel at speeds up to two hundred miles an hour.

He expresses the opinion that the speed record made in August of the present year—105 miles an hour—will not stand long. He declares he would "not be surprised to see it climb up in proportion as rapidly as the altitude record did in 1911."

Such tremendous speed, he says, necessarily entails provision for the protection of the aviator. He believes, however, that it will be a simple matter to arrange such a seat, a device to safeguard the aviator and at the same time permit of the enormous speed he desires.

"Machines for high speed," he says, "must have some means of contracting the wing area or flattening out the curve in the planes so it will not stand so far we can reduce the amount of surface of the machine to lesser dimensions and so that when we want to go more slowly and hard we can increase the size of the wing surface."

This practical suggestion, he relates, has been already incorporated in one

DAY WILL BE NOTABLE ONE FOR PRESBYTERIANS

To Worship Last Time in Old Church and Lay Cornerstone of New

Church history will be made by the cornerstone of the old church being conducted vigorously during the past week. It had been hoped by Associate Pastor Horn, who is in charge, that the contents of the old cornerstone could be added to that of the new, but up to the present time, although the foundation has been excavated in several places, no trace of it can be found.

If it has not been found tomorrow it will be left until the building is raised and the foundation entirely removed.

Following the singing of a hymn under direction of Organist A. R. Dow, the pastor, Rev. Hugh H. McCloskey of Carson, Nev., moderator of the Synod of California, Rev. Frank N. Goodwin, D. D., pastor, will preside. Rev. William N. Ward, of San Francisco, son of W. H. Ward, as secretary of the board of trustees, laid the cornerstone of the old place of worship, will conduct the re-opening reading. It is expected that the other Presbyters, too, will be present to witness the laying of the new cornerstone.

WOMEN IN THE NEWS

NEEDS WIFE TO GET LEGACY LEFT BY OAKLAND WOMAN

August Seymour on Hunt for American Girl as Spouse.

WASHINGTON, Nov. 29.—August Seymour, attorney for the estate of Marceline de Castelbajac, one of the dentists to the King of Italy and his barren wife, has died. His son and daughter are to sell or testify a legacy of \$300,000.

De Castelbajac, a member of the Italian nobility, told him five years ago that he would give "something worth while" to the world if he could find an American for a wife. He would give him \$150,000.

Seymour claims to be a relative of Count Paul de Castelbajac. He is at the Louise House and says he expects to remain until he gets the "woman." He is a cultured, practical dentist and served in the French army.

"I used to believe in my mother's views on marriage—marriage of the eye and the heart," said Seymour yesterday.

"Now I feel that one of the best ways to get a mate is the result of sentimentalism of youth and immaturity. That is that marriage when the couple are partners, charms

the person into giving up everything."

The party of the third part is understood to be Cozy Dunckerger of Portland. Cozy wood and Lakesstrom wood and the maid with held her decision.

Lakesstrom went north and Dunckerger apparently had the field, but friends and relatives of all three were pulling for their respective favorites.

Mrs. E. P. Hoffeinger gave a dinner for Miss Merchant and Lakesstrom, who was then here, but the cards were in blank and the dinner failed.

Another northern trip alone for Lakesstrom, who is in business at Marshfield, Ore. Dunckerger was in Portland. It was a time for introspection. Someone divined that Miss Merchant had experienced change of heart. A telegram to Lakesstrom, a series of fast trains, a hotel, vade Dunckerger. Now Lakesstrom has gone north again. So has Mrs. Lakesstrom. Dunckerger is here again to her entire estate.

"Her name was not Fredericks, but Fredericks," said Grecenko. "She, her mother, Cecilia, her brother, Jerome, and her sister, Emilie, came to America about fifty years ago from France. She owned practically all the property in Hoyt street between Livingston and Schenckhorn.

"The mother died twenty-five years ago and then there came a family quarrel. Alphonse and Emilie left the Hoyt street house and went to San Diego, Cal. There they have lived since, if they still are alive."

Weds an Actor

NEW YORK, Nov. 29.—Mrs. Roberts Menzies Corwin Hill, known as the "belly of Sheephead Bay," was married in New York City yesterday to Conway Tearle, the actor. The ceremony was performed at the residence of Rev. A. J. Meyer, rector of the Wayne Street Reformed church.

Mrs. Menges, accompanied by a young woman, who said she was a Spanish dancer, arrived at the pastor's residence with Tearle in an automobile. They hurried into the house, and about ten minutes later came out again and jumping into the machine, were whirled away toward Manhattan.

Mrs. Menges, who is the daughter of a prominent hotel keeper of Sheephead Bay, was named as co-respondent by Mrs. Tearle. It was on Friday last that the woman finally obtained her decree. On Wednesday the couple went to Jersey City and got out a license to marry.

MOVE HERE FROM METROPOLIS.

Mr. and Mrs. JL Butler and family, recently of New York, have taken a home on Grand Avenue.

COMPLIMENTARY AFTERNOON.

In honor of Mrs. Edith Sanderson of Omaha, Mrs. K. L. Clark entertained at an afternoon of sewing on Wednesday those present were Mrs. G. Toland, Mrs. Young, Mrs. E. D. Chaudhury, Mrs. Francis Pugh, Mrs. W. W. Blair, Mrs. B. McColl, Mrs. E. Osgood, Deane Sunderland, Bernice Blair and Elmer Young.

During the afternoon Mrs. Pugh read her latest poem on Thanksgiving, recently published in one of the city papers.

POLICE SEARCH BARBARY COAST FOR WATT

MISSING MAN IS SEEN IN RESORT

Police Claim Napa Cattleman Was Last Heard of Wednesday.

Trail Lost and Relatives Fear He Was Victim of Foul Play.

The Barbary Coast of San Francisco was thronged with detectives and plain clothes police last night looking for William Watt, a wealthy rancher and cattleman of Napa, who has been missing since last Friday. Two national detective bureaus have corps of men working on the case and the Oakland and San Francisco police have been co-operating in the search. Watt was last seen Wednesday morning in the early hours, going from resort to resort in Pacific street, according to information received by the police.

When the police were notified early this week of the disappearance of Watt, they were several days behind in picking up the trail, as the family had not made the report until several days after the disappearance. So far as was known at the time Watt was last seen Friday afternoon when he left the Don Lee garage in Oakland in his automobile, saying he was going on a long trip.

With the aid of the Oakland police he was trailed to East Fourteenth street and Fruitvale avenue, where the scent was lost. The automobile was discovered Friday night at the foot of Broadway, where it had been abandoned.

Later word was received of Watt being seen at First and Broadway, boarding a train for Stockton, and it was later learned that he had gone to that city.

SEEN IN RESORT.

The Pinkerton and Burns detectives and the Oakland police then learned of Watt being seen in San Francisco Tuesday afternoon of this week driving up Market street with several men in a red touring car. Tuesday night, according to the detectives, he was traced to the Barbary Coast, where he was seen in a resort early Wednesday morning.

Captain Inspectors Lou F. Agnew, with several of his men spent the night in the resorts of the San Francisco Barbary Coast to again find a trace of the man. The detectives are gradually getting closer in their hunt and hope to be able to have Watt in their hands within 24 hours if he does not voluntarily present himself at his home in Napa.

The police entertain the theory that Watt is a victim of occasional lapses of memory, which lead to escapades of this kind. Relatives of the missing man believe still that he may be a victim of foul play, despite the fact that the identification of men believed to be Watt in the various places is considered almost certain.

C. E. Howard of Napa, a close friend of the missing man, was one of those positive in his identification. Howard said he saw Watt on Market street in San Francisco at 8:50 p. m. Tuesday afternoon. Watt was in the rear seat of red automobile. A liberal reward has been offered for information concerning the red automobile.

MORTON MAY TRY
FOR MAYOR'S JOB

BERKELEY, Nov. 29.—E. J. Norton, commissioner of finance, is in the newest candidacy for the mayoralty, according to local political sources. Norton has so far made no statement of his intentions, but it is believed he will take the field against Mayor Wilson in May. Arthur Arlett, Roosevelt delegate to the Chicago convention, is another mayoral possibility, but it is not expected both Norton and Arlett will run.

Charles Green, former secretary of the board of trade, is being prominently mentioned as a conceivable possibility, as well as former Town Trustee Schmid. Commissioner Christina Joff will again be a candidate, her term expiring next year. M. L. Hanson is expected to be the only candidate for the anchorman.

AUTO AND SOUTH SIDE
TRAIN IN CRASH

ALAMEDA, Nov. 29.—Passengers on the 10:30 o'clock p.m. south side train from Alameda pier were given a scare last night when the train and an auto collided head-on. The accident happened about midway between Chestnut and Alerton stations. The occupants of the automobile were uninjured, and the machine so slightly damaged as to be able to proceed on its way.

The driver and passengers refused to give their names and although some delay was experienced and many of the train passengers left the cars during the excitement, the auto owners left without their identity becoming known. One of the train gates was smashed, but no other damage was done.

ALLEGED AUTO RACERS

ALAMEDA, Nov. 29.—Stanley Grawne, a well-known Alamedan and Oakland auto man, was arrested yesterday afternoon on a charge of speeding. Grawne pleaded guilty and will be sentenced Monday noon. Campbell, chauffeur for Robert E. McLe, also arrested on a similar charge, but pleaded not guilty and demanded a jury trial. The arrests were made by Police Sergeant Walter Jacoby and Police Officer Charles Keves. The arresting officers assert the two men were racing on the Webster street roadway and were scorning along at a lively clip. Campbell will be tried next Wednesday.

TELLS WHY OUR SOIL IS FERTILE

Air and Bacteria Reach to
Great Depth. Experiments
Show.

UNIVERSITY OF CALIFORNIA, Nov. 29.—The depth and uniformity of texture of California soils are due to reasons given by Professor Lipman, who is the leader in the department of Agriculture for the state. His experiments have proved that the soil of a field contains bacteria throughout the roots of the crops.

The work of bacteria in the soil of California has been made in experiments by Professor Lipman, who is the leader in the department of Agriculture for the state. His experiments have proved that the soil of a field contains bacteria throughout the roots of the crops.

The result of his bacteriological experiments is that the bacteria in the soil of California have been found to penetrate every foot of the twelve feet of soil. It was at Professor Lipman's instance that Dr. Lipman came to California five years ago to investigate in the practically untouched field of California soil bacteriology, in order that these biological studies might expand the chemical and physical knowledge of California soils already achieved in such great measure.

In all these soil columns, save those which were ruined by alkali or which turned into coarse sand, bacteria were found, diligent at work, passing through every foot of the twelve feet busy turning other constituents of the soil into soluble compounds of ammonia which the plants can use directly or compounds with the action of other bacteria to turn into nitrates assimilable by the plant. In soils in a humus bed they go down forty inches and the last bacteria has been found.

This is—it is this deep working of the bacteria—which makes it possible for the California farmer to level up his fields for irrigating, secure in the fact that when he has scraped off three or four feet of soil the lower soil now exposed just as useful as what was on top before. This is it that makes it possible for a farmer to plow his California soils to a depth which would be his ruin were he dealing with the soil of New England as is vouchsafed by nature to the farmer of New England.

As regards the fixation of nitrogen, however, there seems no great difference as compared with soils in humid regions.

JAPANESE PLANS ARE WATCHED BY U. S.

WASHINGTON, Nov. 29.—The State Department has ordered an investigation of the recent report that the Tojo Kisan Kaisha Steamship Company is obtaining options on lands at Honolulu, or which plans to erect a coaling plant of 100,000 tons capacity.

While State Department officials will not talk, it is said the department has requested Secretary of the Interior Fisher to immediately obtain information from Governor Frear on the reported options, and that the secretary already has asked the governor to forward the facts to Washington.

YOUNGEST AVIATOR SETS NEW RECORD

LOS ANGELES, Nov. 29.—John Guy Gilpatrick, youngest aviator in the world, smashed the world's passenger carrying record for altitude yesterday at Dominguez field by driving his 60-horsepower Dupperdush monoplane to a height of 5008 feet. Gilpatrick was in the former passenger carrying record for altitude was 3400 feet, established by Graham E. White, the English aviator, in New York city September 30, 1911, and though other aviators have tried for it several times, they failed.

DEMOCRATS WOULD TAX BIG INCOMES

WASHINGTON, Nov. 29.—Representative Cornell Hull of Tennessee, author of the excise tax bill, a member of the ways and means committee, is framing a bill levying a general income tax under the constitution that in January next two additional States will ratify the constitutional amendment authorizing a tax. Thirty-four States have ratified the amendment and with two more States to act favorably the amendment will become part of the constitution.

In soils in a humus bed they go down forty inches and the last bacteria has been found.

This is—it is this deep working of the bacteria—which makes it possible for the California farmer to level up his fields for irrigating, secure in the fact that when he has scraped off three or four feet of soil the lower soil now exposed just as useful as what was on top before. This is it that makes it possible for a farmer to plow his California soils to a depth which would be his ruin were he dealing with the soil of New England as is vouchsafed by nature to the farmer of New England.

As regards the fixation of nitrogen, however, there seems no great difference as compared with soils in humid regions.

MISS DOROTHY ROEMER

VISALIA, Nov. 29.—Last night, following the Moose parade through the city, occurred the crowning of the carnival queen, Miss Dorothy Roemer, who chose to wear a crown of flowers.

The ceremony was given much pomp and splendor and Mayor Carter delivered to the queen the keys of the city.

Today another series of events is scheduled and the Harvest carnival will close tomorrow night. The carnival which is in charge of the local Lodge of Moose, has proved a success and has attracted large crowds from thin part of the valley.

Yesterday afternoon the Visalia High school team, erstwhile Rugby champions of the Central California Athletic League, went down in defeat before the Bakersfield team, 20 to 12.

RENO COUPLE MARRY IN ISLAND CITY

ALAMEDA, Nov. 29.—Miss Irene Fogg and Atha Carter, prominent residents of Reno, were married yesterday afternoon at the home of the bride's aunt, Mrs. Jenny Waddell, on Santa Clara avenue and Schiller street. The ceremony was performed by the Rev. Charles Mears and only the relatives of the contracting parties were present.

Miss Fogg is well known in Reno, where she was assistant county clerk to her father, William A. Fogg, who has held the position of county clerk for the last thirteen years, in Washoe county, Nevada. Carter is a mining engineer of Nevada.

The bride was attended by Miss Bertha Clark, while the groom was assisted by his brother-in-law, Mr. Fogg. The house was artistically decorated with chrysanthemums and Christmas berries and after the ceremony the bride and groom left on a honeymoon to Los Angeles and Lower California. On their return they will live in Reno, where Carter has extensive business interests.

LISZT SYMPHONY IS PLAYED AT OAKLAND

A classical rendition of one of Liszt's immortal symphonies is being given by the Oakland Photo Theater's organist during the photodrama specially written for Arthur Johnson entitled "The Stolen Symphony." This is the first time in America that such a musical setting has ever been attempted in a motion picture house.

The proof of its success yesterday was the enthusiastic response in which it was applauded at each finale of the play and lovers of classic music settings to such advance photoplays will miss a great treat should they not see this dramatic offering today and tomorrow.

DEATH CASTS SHADOW OVER DINNER PARTY

Mrs. Catherine Roberts, widow of the late Frederick S. Roberts, and a pioneer resident of this city, died yesterday at the residence of her son, James Roberts, 1084½ Forty-third street, after a short illness. Mrs. Roberts was a sister of John Murray, corporal of the Oakland police department, and the word of the sudden death came to the Murray family just as they were about to commence the Thanksgiving dinner, casting a pall of grief over the occasion. Mrs. Roberts' death came as a total surprise as it was not known that she was suffering from any serious complaint.

Mrs. Roberts was 72 years of age, and a native of County Galway, Ireland. Two sons, Joseph and James, survive.

The funeral services will be held tomorrow morning at 9 o'clock from the home of James Roberts and at St. Andrew's church, where a solemn requiem high mass will be celebrated. Interment will be at St. Mary's cemetery.

APPROPRIATION BILLS PRINCIPAL BUSINESS

WASHINGTON, Nov. 29.—No legislation of importance outside of appropriation bills will be passed at the short session of Congress, opening Monday, in the opinion of Republican Leader Mann of the House, who returned today after a trip to the Panama canal with the House appropriation committee. Mann visited Speaker Clarke shortly after his arrival and the two leaders agreed that the length of the session is not sufficient to allow careful consideration for any important measure of a general character.

BERLIN, Nov. 29.—The discussion in the lobbies of the Reichstag today centered on what is regarded as the certain appearance of Germany's first aerial navy law.

SACRAMENTO, Nov. 29.—"Ragtime" dancing ended its lawful career in Sacramento at midnight last night when the city ordinance, adopted 30 days ago to prohibit immoral dancing in public, became effective. The proprietors of the dance halls ordered the ordinance strictly complied with.

After midnight the orchestras in the dance halls played waltzes. The two-step was indulged in as well as other "military" styles of the art.

TUBERCULOSIS CAMPAIGNERS TO MEET DR. PHILIP KING BROWN IS SPEAKER

Spirit of Christmas Sunday Meeting to Promote Sale of Red Cross Stamps

The sale of Red Cross stamps to aid in the fight against tuberculosis will be promoted by the Spirit of Christmas Sunday program arranged to be held in Ebenezer Hall next Sunday afternoon at 4 o'clock.

A feature address is to be delivered by Dr. Philip King Brown, head of

a noted tuberculosis hospital in Marin county, who will tell of the progress being made in the crusade against the white plague in the state. He is a prominent member and worker in the San Francisco organization.

District Attorney William H. Donahue, president of the Alameda County Society for the Study and Prevention of Tuberculosis, will preside at the meeting. Dr. S. H. Buteau and Rev. Clifton Macon will be other speakers.

Much interest has been aroused in the Sunday gathering through the efforts of the Alameda county society and the executive committee in charge of the Red Cross stamp sale. Mrs. Mark L. Requin, chairman; Miss Mollie Cannons, Mrs. Harry East Miller and Miss Annie Florence Brown.

The public is invited to the meeting.

Dr. Philip King Brown's sanitarium is called Argleton. It is situated at Fairfax, in Marin county. A special feature of this sanitarium is that the patients make a very fine pottery, which is sold in the art stores of San Francisco. In this way they pay for their own care and maintenance.

SEALS ON SALE TODAY.

Beginning today over 80,000 Red Cross Christmas seals will be placed on sale in almost every large city and nearly every state of the United States, the proceeds to go for the benefit of the anti-tuberculosis movement in the community where the seals are sold. This announcement was made today from headquarters of the National Association for the Study and Prevention of Tuberculosis which is directing the sale from its New York office.

So carefully has the sale been organized throughout the country that with the exception of the states of Florida, Oklahoma, Nevada and Idaho, Red Cross seals will be on sale in almost every city, town, village and hamlet of the United States and even in Hawaii, Porto Rico and the coast zone.

The seals will be sold from drug stores, department stores and other kinds of stores and shops, from post offices, railway stations, booths on the street, hotel lobbies and in numerous other places. The number of agents handling the sale in this way aggregated over 25,000, while the actual number of individuals engaged in the sale, almost entirely volunteers, will reach well over 100,000. Society leaders in almost every large city of the country, notably in Pittsburgh, Brooklyn, Cleveland, Chicago, Cincinnati, San Francisco and elsewhere are taking a leading part in this campaign.

The American Red Cross has already printed for the work over 85,000,000 seals and probably the effort will require 100,000,000 before the end of the campaign. Fully 10,000,000 pieces of advertising literature have already been sent out, and several million more are being distributed from local and state agencies throughout the country. It is planned to make the campaign this year the largest that has ever been.

Tuberculosis workers are realizing, no less than 2400,000 will be obtained from the sale of Red Cross seals. Practically all of the money remains in the state or city where the seals are sold, only a very small percentage of it is going to pay for the cost of the printing and distributing the seals and for the expense of running the campaign.

The national association announces that in case any person cannot obtain seals in the community where they live, they may send them to writing to Red Cross seal headquarters, 115 Union Trust Building, Washington, D. C. Red Cross seals are one cent each and each cent goes to a bullet in the fight against tuberculosis.

**You smoke
a jimmy
pipe!**

Prince Albert is always the same identical smoke—today, tomorrow—and everywhere! Natural thing, isn't it, for men to call it the national joy smoke.

You buy P. A. in any part of your town or your county—or anywhere in the United States. It's always just as fresh, just as delicious, in Maine or California.

P. A. smokers don't ruin their taste for a bully smoke by being forced to buy unknown, untried, untrue brands! No, sir, right down at the corner they get the goods.

Some fine day you'll smoke a pipe. Then it will dawn upon you that P. A. won't burn your tongue, because the sting's removed by a patented process. Other men—millions of 'em—smoke P. A. to their heart's content and so will you—sure thing!

PRINCE ALBERT

the national joy smoke

Here's tobacco that makes a wonder of a cigarette. Just as good rolled up as packed brimful in a jimmy pipe. You jump at this red-hot tip, invest in one package of P. A. and get a cigarette smoke like you never did know before. None of the "running" chaff-brands or fire-brands for you after you get acquainted with P. A.—all sweet and fragrant. Rolls up, easy like, because it's fresh and crisp cut. And it tickles your grouch generator!

Buy P. A. everywhere. In the tidy 10c red tins; 5c cloth bags and handsome pound and half-pound humidors. Go to it!

A CHILD'S WASTE-CLOGGED BOWELS

Makes Them Cross, Peevish, Restless and Feverish; See If Tongue Is Coated.

Your child isn't naturally cross, irritable and peevish. Mother! Examine the tongue; if coated, it means the little one's stomach is deranged, liver inactive and its thirty feet of bowel clogged with foul, detaching waste.

Every mother realizes after giving deliquescent "Syrup of Figs" that this is the ideal laxative and physic for children. Nothing else regulates the little one's tender stomach, liver and bowels so effectively, besides they dearly love its delightful flat taste.

For constipated bowels, sluggish liver, biliousness, sour, disordered stomach, feverishness, diarrhoea, sore throat, bad breath or to break a cold, give one-half to a teaspoonful of "Syrup of Figs" and in a few hours all the clogged-up waste, sour bile, undigested food and constipated matter will gently move on and out of the system without straining or nausea, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, sugar and aromatics. It cannot be harmful.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." This is the delectable tasting, genuine old reliable. Refuse anything else offered.

The Pianos We Sell Whether for \$250 or \$2,000 Are Absolutely Dependable

We carry all kinds of Pianos when measured by price—from \$250 to \$2000, but we sell only ONE kind of quality—dependable quality.

We have had customers who needed only one Piano in their lifetime, but the quality, the dependability has been such that the second and third generations of that family have also come to us for their Pianos.

Some day you will want a STEINWAY Piano—the STANDARD of the world. We will sell you a less expensive Piano now and agree to take it back any time within three years, allowing you the full purchase price towards a new Steinway.

Moderate terms on any Piano, even the Steinway.

AMBASSADOR REID IN SERIOUS CONDITION

LONDON, Nov. 29.—Ambassador Whitehead's absence from the annual dinner last night of the American Society gave rise to inquiries which resulted in ascertaining that Reid is in serious physical condition, and is confined to a room under his physician's care.

It is understood that the Ambassador is threatened with a nervous breakdown so serious as to make probable the cancellation by him of all social engagements.

BRIDGE INVOLVED IN DIVORCE CASE

Whether or not the Niles bridge will be constructed at a profit or loss to the Locke Construction company, which has the contract, was a matter that figured largely in alimony proceedings brought by Ida Locke against A. C. F. Locke, in Superior Judge Brown's court this morning. Mrs. Locke brought suit several weeks ago for a divorce. She alleged that her husband had failed to provide properly for her, in spite of the fact that he had an alleged income of \$300 per month.

Judge Brown at first granted Mrs. Locke \$60 per month for her support. She later admitted on the stand that it cost her \$80 for board and the amount was cut down by the court to \$45. Mrs. Locke testified that her husband had told her on one occasion that he would make a profit of \$2000 on his contract for the bridge.

Locke took the stand on his own behalf and testified that at present he does not have a regular income, merely being allowed his personal expenses. He further stated that the contract with the county would be completed at a loss to his firm.

Delay in the construction of the Niles concrete bridge has been the subject of considerable contention between the Subversives and the contractors for some time past. Under the terms of the contract the bridge was to have been completed by December 1. Up to a week ago construction had not been half completed and the company was cited to show cause why they should not be forced to pay the penalty of \$2 per day forfeit on the contract. That part of the proceedings is still before the supervisors for settlement.

FEDERATION OF LABOR CONVENTION NEARS END

OAKLAND, Nov. 29.—Today will bring to a close the activities in connection with the annual convention of the American Federation of Labor, which delegates came to Rochester three weeks ago. The closing meeting of the building trades department this afternoon will decide the final casting of several jurisdictional disputes, and others of the departments will be voted on for another year.

In spite of the heavy tasks assigned the various committees, the reports were made today. Several matters of jurisdiction are to be settled in cases where unions in this city and elsewhere have refused to align themselves with central trades bodies.

TWO YEARS FOR BOY BANK THIEF

PENSACOLA, Fla., Nov. 29.—Wm. Bell, aged 18, until a few months ago a trusted clerk in the First National bank of Pensacola, pleaded guilty today to the theft of \$500 from the bank on September 15. He was sentenced to two years in the federal reform school at Washington.

Last September Bell engineered one of the shrewdest robberies in recent bank history and was not under suspicion, when conscience-stricken, he returned the money. In the presence of a score of other employees in the bank Young Bell exchanged a bogus package for one containing \$55,000 which had been prepared for express shipment. He hid the package in the bank, then removed it to his home. Nearly a week later Bell placed the money at a rear door of the bank building, where it was found by a janitor. Bell confessed the next day.

Arrangements are complete for a prize masquerade ball to be given by Loyalty Temple of Pythian Sisters at Pythian Castle, Twelfth and Aliso streets, next Wednesday evening.

The affair will be the most elaborate the temple has ever given and it is being looked forward to with great expectations by the members and their friends.

Many invitations have been sent out.

The committee on general arrangements is composed of Edna Pacific, chairman, assisted by Mary de Cordova, Rose Scherry, Sarah Friedman, Jessie Miller, Margaret Chloupek, Louise Holmes, Ella Rorat, Sarah Chandler, Rose Schwartz, Lura Austin, Bertha Cohen and Theresa de Cordova. The music and prizes will be attractive.
